NATALIA SOWA
Web Development Student

ABOUT ME

Being a Full Stack Web Developer is much more creative and enjoyable than I expected it to be. After 4 years working in Marketing field, I've decided to switch paths and persue my dreams. I've started my journey with HackYourFuture school where I got to learn how to create beneficial web solutions using various technologies, such as react, mysql, expressJs etc.

EXPERIENCE

HackYourFuture Graduation Project | Link

Jan 2022 - Present - 2 months, Copenhagen
